Introducing the BatteryEVO 290Ah 15 kWh AC110/220V WALRUS FORCE Battery with an 10K Inverter.

This precisely designed system delivers complete power solutions tailored for your household electronics and high-demand appliances. Lightweight yet durable, it functions as a dependable backup, perfect for expansive homes aiming for unmatched power autonomy. Featuring advanced inverter and battery technology, this system distinguishes itself across the United States for its superior value.

Built to last, the 110-220VAC/15KWh WALRUS FORCE Battery ensures a reliable lifespan of over 10 years, depending on how it's used. It efficiently powers your home, providing a seamless, all-in-one system that simplifies installation.

The Off-Grid WALRUS FORCE System adapts effortlessly to various power sources, including AC, solar, or generators. With its minimal maintenance demands and enhanced efficiency, it outperforms traditional lead-acid battery systems, offering up to three times the lifespan. Additionally, each battery pack is backed by a comprehensive 10-Year Warranty, guaranteeing sustained reliability and your peace of mind.

Power tools and appliances directly with built-in 110V and 220V outlets.

Easily connect your solar panels DC using the included BE175 connector.

Connect home AC grid power to the Walrus using SS2-50P connector.

Connect the Walrus to your home using NEMA14-50R connector.

Expand your battery capacity easily with one connection.
