

360 kWh sungrow energy storage

360 kWh sungrow energy storage

Innovation, Reliability, Efficiency, Support

Case: sustainable farming life

Sungrow PV solar inverters, with over 99% efficiency, convert solar energy on any scale you need. From 2 kW to 8.8 MW, our solar inverters ensure optimal power conversion for residential, commercial, and utility-scale applications.

Sungrow offers the advanced liquid-cooled energy storage system PowerTitan and PowerStack, ensuring more profitability for stakeholders in the energy storage market.

Sungrow Floating System offers products and solutions for different application scenarios worldwide.

With more than 26 years of experience in the development and production of photovoltaic inverter technology, Sungrow is the world's leading provider of intelligent energy solutions.

No.1 bankable for 4 consecutive years.

Years in theSolar Industry

Countries withSungrow Installations

Sungrow Power Supply Co., Ltd. ("Sungrow") is the world's most bankable inverter brand with over 405GW installed worldwide as of June 2023. Founded in 1997 by University Professor Cao Renxian, Sungrow is a leader in the research and development of solar inverters with the largest dedicated R& D team in the industry and a broad product portfolio offering PV inverter solutions and energy storage systems for utility-scale, commercial & industrial, and residential applications, as well as internationally recognized floating PV plant solutions, NEV driving solutions, EV charging solutions and renewable hydrogen production systems. With a strong 26-year track record in the PV space, Sungrow products power over 150 countries worldwide.

Offering a wide range of solutions and services, Sungrow is committed to providing clean power for all and is steadfast in its efforts to become the global leader in clean power conversion technology.

Successfully develop the world's first 35kV solid state transformer (SST) based PV inverter.
