

48v lithium titanate battery

48v lithium titanate battery

LTO Battery refers to a lithium titanate battery, which is a lithium-ion secondary battery that uses lithium titanate as the negative electrode material and can be combined with lithium manganate, ternary materials, or lithium iron phosphate and other positive electrode materials to form a 2.4V or 1.9V lithium-ion secondary battery. It has the characteristics of high safety, high stability, long life and green environmental protection.

LTO Battery Pack Features:

Lithium Titanate(LTO):the Safest Lithium Technology

Integrated Battery Management System(BMS)

Long Cycle Life > 10000cycles@ 80%DOD.

High Density,High Discharge Current,High Temperature Range.

Low Weight,Free Maintenance.

LTO battery packs can be made with the following LTO cells according to different specifications according to needs.

YinLong 2.3V 40AH HC-18650 2.4V 1300mah
