

# 72v lithium phosphate battery

72v lithium phosphate battery

St. Louis, MO

(800) 625-5110

Installation / User Guides

Allied Safety Certifications

JMH 72V 200Ah, this battery is designed for electric vehicles, composed of lithium iron phosphate cells. The high energy density and lightweight characteristics of lithium iron phosphate batteries enable electric vehicles to be more energy-efficient and have a longer range.

The self-discharge rate of lithium batteries is less than 2.5%, allowing the battery to retain the vast majority of its charge even when not in use for extended periods.

Additionally, batteries of suitable size, voltage, and capacity can be customized according to the space available in the vehicle.
