

Abu Dhabi new York electric grid

Abu Dhabi new York electric grid

Announced today by the Abu Dhabi Department of Energy (DoE), the policy sets out the stipulations and criteria for establishing a network of electric vehicle charging stations across the UAE capital. Included within are the principles for ownership, installation, and management of Electric Vehicle Supply Equipment (EVSE), the electricity supply to EVSE, and the pricing mechanism to end customers. Aiming to support the transition of the UAE and Abu Dhabi to achieving carbon neutrality within the next three decades, and in line with Abu Dhabi development vision the policy anticipates a progressive increase in the use of electric vehicles on Abu Dhabi's roads in the coming years.

WHEN June 14, 2021 9 PM WHERE Zoom Webinar Part of "IEEE-UAE Distinguished Seminar Series - Summer 2021" WHO NYUAD Engineering Division Open to the Public

NYU Abu Dhabi is pleased to host the "IEEE-UAE Distinguished Seminar Series" under the umbrella of the IEEE-UAE Innovation & Research Program. We are honored to have an elite group of distinguished speakers for Summer 2021.

The third installment in this series, "Coordination of Distributed Energy Resources (DERs)" will be delivered by Professor Abbas El Gamal Stanford University, USA.

You can find information on the upcoming talks included in this series [here](#).

Register below for the IEEE-UAE Distinguished Seminar Series.

Please check the "I'm not a robot" box above and wait until the green check-mark appears before you click the submit button.
