

Bucharest solar energy storage

Bucharest solar energy storage

Solar Energy Summit Bucharest returns with a new edition in the month of April. On 3 - 4 April 2024, energy investors, manufacturers and equipment suppliers meet at this year's most anticipated renewable energy event.

Solar Energy Bucharest Summit is a regional event, a space created for professionals who see Romania as a dynamic market with a high potential for investment. The event will feature companies presenting their services and products to a specialised audience of developers, investors and large consumers.

- You have direct access to RTB (ready to build) investors - Find out the latest legislative news - Negotiations begin with major energy consumers

Solar energy is a dynamic and constantly changing field. Come to the event and get information from experts and authorities, meet manufacturers, investors, developers and companies in related industries that will help you be efficient in building your next solar project.

Over 150 national and international companies with a turnover of more than one billion euros, will be on 3-4 April at the Palace of Parliament.

You will know manufacturers international photovoltaic panels and storage technologies

You will know local distributors and importers

You will know specialist investors

You'll meet great energy consumers

You will know lay investors in solar panel energy production: retailers, factory owners and farmers

You will know owners of land and housing estates

You will meet decision-makers, authorities and professional associations.
