REVOV LiFe batteries are ideal energy storage systems for residential, commercial and industrial use. They offer the highest standards of safety, reliability and longevity.

Charged from the grid or a solar, wind or hybrid installation, REVOV's lithium iron phosphate (LiFePO₄) batteries provide reliable backup, primary or secondary power - for an uninterrupted supply of electricity when you need it.

The best of both as they say! Excellent batteries for a good price! I know my back up team at REVOV goes more than a mile with our company! During the sale and after sales are excellent!

Best ever customer service. Babsie was very friendly and professional and she is answered all my technical questions like a pro... I made payment and she delivered the battery herself the next day. She recommended an installer, which is important because the wrong or fly by night installer may cause problems to the battery. I am happy and completely satisfied.

REVOV Johannesburg Unit 1, Cranberry Street Industrial Park 1486 Cranberry Str, Honeydew Roodepoort, 2040

REVOV Cape Town 3 Port Street Saxenburg Park 2 Kuils River Cape Town 7580

REVOV KwaZulu-Natal 9 Blessing Ninela Road, Fischer Park, Unit 27 Hillcrest, 3650
