

Customized lithium battery electric scooter

Customized lithium battery electric scooter

According to your application field, diverse standard Power/Energy batteries will be provided to you for easy purchase directly. Furthermore, if you can't find any ready models that fit your application, no worry, SmartPropel also can supply a FREE customize service. As a professional lithium battery factory, we have an efficient and unity engineering team for fast lithium battery deep customization cluding Industry Energy Storage System, Power wall, Stackable Battery, All In One battery, Power Batteries for Electric Vehicles (Golf Cart/Motorcycle/E-bike/E-Scooter, etc).

12V/24V LiFePO4 battery replace lead acid battery with capacity 50Ah,100Ah,200Ah,300Ah for RV, Camping, Boat fishing and Household energy storage.

Rack mount battery, Powerwall, Stackable battery, High voltage ESS, Comercial& Industry BESS

Moped scooter battery series standard models replace lead-acid batteries easily. More electric scooter lithium battery can be customized for factory customers.

Design multi-material battery technical scheme. Ensure excellent performance of 4-wheeler vehicles, AGV, Special equipment, etc.

SmartPropel is a high tech enterprise, specializing in R& D and Production of Lithium Battery for 15 years. SmartPropel has 3 production bases in Hubei (Dynavolt), Shenzhen, Dongguan, complete covers the whole lithium battery industry line, including cylindrical cells production, prismatic cells production, and battery pack production.

With the research team and automatic production support, we master the core battery technology and key accessories of lithium battery pack, which highly enhance production efficiency, ensure battery excellent performance and strengthen competitiveness. SmartPropel believe we can bring the world a better life quality by promoting lithium battery technologies in all applications in our lives. SmartPropel, Propel your smart Life. Learn More ?

We have hundreds ready products for selection, you may find one model to satisfy your demand. If you are not very familiar with lithium battery parameter and have no idea of how to start. That's okay, we are very professional in lithium battery field and can support your project goes on well.

Share the technical knowledge of lithium-ion battery industry

We are an Electric bike factory in Germany, considered a lot on sourcing lithium battery when we start a new

Customized lithium battery electric scooter

E bike project .We've compared many supplier, from price, quality, delivery to service. Our final choice is satisfactory.

I'm impressed by their professional. SmartPropel give us very quick response for the quotation and scheme, very patient and professional to give us valuable suggestions for our project. Help us a lot. Appreciated!

SmartPropel lithium battery are really very reliable and durable. we purchase from SmartPropel for our AGV and find the batteries perform well in them without any problems "s pleasure to cooperate with them.
