Dakota Lithium Powerbox 10, 12v 10Ah Battery Included

The Power Box helps keep all of your electronics charged up and ready to go while giving you the freedom to use one battery to power many things. 12v Dakota Lithium LiFePO4 10Ah battery and charger included.

Easy way to charge your phone, camera, or any personal electronics.

Used as 12V output and to charge your box. A versatile way to power many types of electronics, including fish finders, flashers, and small trolling motors.

Make this power box into a powerful flashlight that lasts forever. Great for camping, kayaking, or emergencies.

Provides real time data on how much voltage you are using.

Battery is protected by a BMS that prevents overheating and extends life. Electronics are fuse protected off the positive battery lead with a 10 Amp fuse. Built to last.

Water resistant and built for wet environments. Not submersible. Rubber caps must be replaced to ensure sockets are water resistant.

4 lbs. Lightweight box built for mobile power.

All batteries are UN38 certified. Dakota Lithium's cells are UL1642 certified and have been tested per IEC62133 standards. Meets all US & International regulations for air, ground, train, & marine transport.
