

Dakota lithium 50ah

Dakota lithium 50ah

Dakota Lithium 225 S Lucile St Seattle, WA 98108. 1-855-743-3279. ...

A re-engineered version of DL's legendary 24V 50Ah single lithium battery but with ...

The best 36 volt lithium batteries. 36V lithium replacement battery for golf carts, ...

Sorry, this product is unavailable. Please choose a different combination.

World beating, best in class, eleven year manufacturer defect warranty.

52.5 ampere hours (Ah). Dakota Lithium batteries provide consistent power for all 52.5 amp hours. DL LiFePO₄ batteries have a flat voltage curve, which means they have a steady power output as the battery discharges. The power output will not dramatically drop like similar sized SLA batteries. You get all the juice down to the last drop.

24V rated (26.6V resting voltage) Dakota Lithium 24V batteries can be used in series for up to 48V systems.

12.99" x 6.77" x 8.66" (330mm x 172mm x 220mm)

31.9 lbs (14.5Kg). That's 60% lighter than a SLA battery.

Up to 80% capacity for 3,000 cycles in recommended conditions. The typical SLA has 500 cycles. Dakota Lithium batteries last so long that the price per use is a fraction of traditional batteries.

Ideal for rugged & harsh environments. Much better than SLA or other lithium's. -20°F min, +120°F max optimal operating temps (battery performs well down to -20°F). Avoid charging below 32°F.

52.5 A max continuous, 100 A max pulse 10 second pulse. The flat discharge voltage curve provides a 75% bigger capacity than a comparable 50Ah SLA battery.
