

Delta 25kw charger australia

Delta 25kw charger australia

"IDEAL FOR LOCATIONS WITH LIMITED POWER SUPPLIES"

"Entry level quality DC Fast charger that won't blow your budget or infrastructure costs"

Delta's dual output DC Wallbox advances EV compatibility at public charging sites. Its wall-mounted and modular design ensures cost-efficient installation and lifecycle maintenance. It also features built-in network connectivity for authentication and remote control applications.

Compatible with OCPP 1.5 and 1.6 the Delta Wallbox offers simple, fast and elegant way to charge your modern electric car anywhere 3 phase power is available. Typical charge rates range from 1 hour for a gen 1 Nissan LEAF to 3-4 hours for a Tesla Model 3.

Ideal for both residential and commercial applications (fleet, service station, apartments, shopping centres) the Delta unit can be wall mounted or floor mounted with one of our custom made pedestals.

Delta's 25kW DC Fast Charger Wallbox has a vandal proof case and is best suited for commercial applications where ev drivers can recharge a reasonable amount in a short period of time. hotels, shopping areas, corporate fleets, dealerships, and parking stations.
