

Eastman solar battery 200ah price

Eastman solar battery 200ah price

Key Features: High-capacity 200Ah lithium battery designed for solar energy systems. Seamless integration with solar panels, inverters, and other components. Efficient energy storage and utilization. Reduced reliance on conventional power sources. Environmentally-friendly solution for sustainable energy consumption.

Eastman solar battery - EM200SB comes with 60+60 Months warranty and 200 Ah capacity. Backed by German engineering, the solar battery withstands all the challenges and gives excellent performance.

The EM200SMF is a 12V tubular battery designed for robust energy storage Offering a rated capacity of 200Ah @ C20. With compact dimensions of 518mm*272mm*279mm, a gross weight of 63.3kg, and L-type terminals, it ensures durability and efficiency for various energy storage needs.

Eastman EM20072SB 200Ah 12V Tall Tubular Solar Inverter Battery. 4.6. (5 Reviews) INR19,773 (Incl. of all taxes) INR15,448 INR4,325 GST. MRP INR30,450 35% OFF. Model. EM20072SB. EM200SB.

Technology: Regular Series

Lowest Electricity Consumption in Recharging

5% Extra Capacity & Backup w.r.t. Rated Capacity

I. IntroductionAre you tired of being left in the dark during power outages? Do you cringe at the sight of your soaring utility bills? The Home

I. IntroductionTubular batteries, unlike their conventional counterparts, boast a distinctive cylindrical design housing a myriad of components.

Yes, solar batteries are safe when installed and used properly, with built-in safety features to prevent overcharging, overheating, and short circuits.

Solar batteries can be damaged by overcharging, deep discharges, extreme temperatures, physical damage, and improper maintenance or installation.

Solar batteries may generate some heat during charging and discharging processes, but proper ventilation and cooling systems are usually in place to prevent overheating.
