

Energy storage battery brand 170 kWh

Energy storage battery brand 170 kWh

As subject matter experts, we provide only objective information. We design every article to provide you with deeply-researched, factual, useful information so that you can make informed home electrification and financial decisions. We have:

Sourced the majority of our data from hundreds of thousands of quotes through our own marketplace.

Incorporated third-party data and information from primary sources, government agencies, educational institutions, peer-reviewed research, or well-researched nonprofit organizations.

Built our own database and rating system for solar equipment, including solar panels, inverters, and batteries.

We won't charge you anything to get quotes through our marketplace. Instead, installers and other service providers pay us a small fee to participate after we vet them for reliability and suitability. To learn more, read about how we make money, our Dispute Resolution Service, and our Editorial Guidelines.

This is an unbiased review: EnergySage is not paid to review brands or products, nor do we earn money from affiliate advertising in this article. The content of this blog is based on research and information available at the time of writing. Learn more about our mission and how we make money as a company.

The sonnen eco has a starting list price of \$10,000 before installation.

The sonnenCore battery starts at a price of \$9,500 before installation.

The sonnenCore boasts a maximum power rating of 8.6 kW to go along with 10 kWh of usable capacity.

The sonnen ecoLinX costs \$36,000 or more before installation.

You may need a few eco, sonnenCore, or ecoLinX batteries to truly go "off the grid."

A qualified EnergySage-approved installer can give you the best information about the sonnen eco home battery system and other energy storage options available to homeowners today.
