Gas-to-Power | Off-Grid Solar | Battery Storage

SustainGroup is a leading African clean energy equipment and operations company mastering niche technologies such as biogas, landfill gas, off-grid solar, battery storage and others. The SustainGroup's brands integrate complex, clean energy technology in rugged packages, ensure turn-key delivery and provide operations and service supported by financing solutions.

SustainPower provides innovative and sustainable energy solutions that empower businesses and communities. Our experts design and manufacture high-quality, durable power generation and energy storage systems.

With a focus on environmental responsibility and cutting-edge technology, we aim to transform how developing economies access and use energy. The end goal: positively impact the planet while optimising operational efficiency for our clients.

SustainSolar is a leading system integrator of high quality, turn-key containerised solar and battery storage systems.

SustainSolar offers an innovative range of products consisting of modular, plug and play solutions suitable for various applications such as off-grid power supply, mini-grids for rural electrification, hybrid diesel fuel saver systems for commercial solutions and rapid deployment mobile systems.

Developing economies face numerous challenges regarding reliable electricity supply and waste management. SustainGroup responds to these needs with our unique sustainable power generating solutions.
