Membership in PESA means an active participation in the most important changes taking place on the electric power market, creating incentives for its growth, substantive support by top-class experts and so many more benefits for your organisation.

We are boosting the visibility of our member companies and growing their networks, building the market of the future for the energy storage and energy industry.

PESA works for the development of the energy storage industry and energy transformation

It participates in legislative work, shaping non-legislative activities and conducts educational and information activities. It promotes safety standards for the use of energy storage, taking into account legal, technical and economic security. It closely cooperates with research centers, supporting their initiatives aimed at creating innovative solutions related to the broadly understood power industry.

The association also focuses on building social awareness of renewable energy sources and the role of energy storage. PESA associates leading companies operating on the energy storage market in Poland: producers, investors, developers and integrators, both from Poland and abroad.
