We offer self-service blanket purchase agreements with multiple award schedule holders available to federal agencies and other eligible users. Available products include level 1, 2, and DC fast electric vehicle supply equipment (EVSE) also known as electric vehicle charging stations, along with photovoltaic and portable stations. You can choose from operations, network and maintenance plans, station activation and assembly, basic install assistance, site preparation, consulting and more. Follow FAR 8.405-3 (c) when placing orders and refer to the ordering guide in the resources below for more details.

All BPA cloud service offerings such as network plans must be FedRAMP authorized and available on the FedRAMP Marketplace before you can place a task order. We will add additional products and services as vendors meet GSA IT security and SCRM requirements.

Get help with leasing or purchasing alternative fuel vehicles.

Use our design-build and construction contracts.

Rates for Alaska, Hawaii, and U.S. territories and possessions are set by the Department of Defense.

Rates are available between 10/1/2022 and 09/30/2025.

Traveler reimbursement is based on the location of the work activities and not the accommodations, unless lodging is not available at the work activity, then the agency may authorize the rate where lodging is obtained.

Unless otherwise specified, the per diem locality is defined as "all locations within, or entirely surrounded by, the corporate limits of the key city, including independent entities located within those boundaries."

Per diem localities with county definitions shall include "all locations within, or entirely surrounded by, the corporate limits of the key city as well as the boundaries of the listed counties, including independent entities located within the boundaries of the key city and the listed counties (unless otherwise listed separately)."
