

Fogstar drift lithium batteries

Fogstar drift lithium batteries

Multi-award winning Fogstar was established in 2016 and has quickly ...

The NEW Fogstar Drift LiFePO4 chargers have been designed specifically to work ...

If you're looking for a more compact option to power your campervan, look no further than the Seat Base 12.8v 230Ah Lithium Leisure Battery. This genius Seat Base battery is designed to fit snugly under the base of your swivel seat - convenient and space-saving.

Fitting and Installation Service: In addition to a fitting service for motorhome and caravan solar panel kits we also install a wide range of accessories via our sister company the Motorhome Workshop, including Gas Systems, Generators, Reversing Cameras, WiFi and more.

The dimensions of our Drift Seat Base is 275 x 315 x 187.5 mm; making it one of the most compact variations of Seat Base Lithium Leisure Battery on the UK market. Manufactured using Grade A EVE LiFePO4 Lithium cells, high discharge JBD BMS, built in Bluetooth and Heating; our Lithium Leisure Battery collection offers everything you'd expect in a premium product.

All batteries come with the Fogstar Drift App, enabling you to access real-time data about your Lithium Leisure Battery at all times. The Fogstar Drift app is free to download on both Android and iOS.

The most popular Lithium battery brand on the UK market, our Drift range offers phenomenal cycle life (>3500 cycles), low environmental impact, Bluetooth; and a superb 10 year warranty.

Please note: Due to the size and weight of the batteries, shipping will typically take 2-3 working days from ordering, and if delivery is missed there will be a ?50 redelivery charge issued. We will inform you what day delivery will be made once the order has been processed.
