Expected Completion (all phases):Spring 2027

Project Status:Phase 1 Construction Underway

Jump to section:double_arrow Project Companiesdouble_arrow Project Elementsdouble_arrow Project Benefitsdouble_arrow Map of Impacted Zonesdouble_arrow Campus Safety

This multi-year project will be completed in five phases. The first two phases will be completed in the first nine months of construction. Dates and other information are subject to change.

Phase 1 – Main Entrance (June-November 2024): A portion of Healy Circle will be closed, resulting in a partial closure of sidewalk south of the John Carroll statue. Pedestrians can use the north sidewalk.

Phase 2 – Copley Lawn (November 2024-April 2025): Two sections of Copley Lawn will be closed for construction. The sidewalk through Copley Lawn will remain open, but the sidewalk in front of White-Gravenor Hall will be closed. A modified ADA pedestrian pathway will be in place. The section of Old North Way between Healy and Copley Halls will be closed to vehicles. A modified ADA pedestrian pathway will be in place.

Members of the Georgetown community and campus visitors must stay outside project fencing at all times. Construction team members must follow all safety rules while inside the site. For urgent matters, please contact Georgetown University Police Department at (202) 687-4343.
