

Gyll 24v lithium battery

Gyll 24v lithium battery

Experience exceptional performance and durability with our enhanced EG4 LL 24V 200AH Battery. Our battery is engineered to endure over 7,000 deep charge and discharge cycles at 80% depth of discharge (DoD) and boasts a lifespan exceeding 15 years.

This EG4 LL 24V 200AH Battery's built-in BMS offers 200A charge and discharge capabilities and comes with a 10-year warranty. With a storage capacity of 5.12 kWh, it features dual on-board fire arrestors for safety in high-risk environments. Real-time statistics are accessible through Bluetooth integration with a customized app and PC monitoring software. Furthermore, an on-board LCD touchscreen provides easy monitoring, and the battery supports closed-loop communications with various inverter brands. The system allows you to parallel up to 16 batteries, enabling a maximum power of 81.9 kWh while maintaining BMS communications.

Voltage: 25.6V Capacity: 200Ah Dimensions: 6.1 in.x19 in.x20.2 in. (15.5 cmx48.2 cmx51.3 cm) Weight: 99.2 lbs. (44.5 kg) Design Life: 7000 Deep Cycles

California Proposition 65 Warning

Enhanced Charge/Discharge Performance: The battery provides a 200A constant charge/discharge rating. Power your systems with confidence, knowing you have ample reserves to meet demanding energy needs.

Streamlined Configuration: Simplify your setup with only four DIP switches, optimizing user experience without compromising functionality. We've refined the design for effortless operation, ensuring seamless integration into your existing systems.

LCD Screen Visibility: Stay informed with the built-in LCD screen, providing real-time insights into vital battery metrics. Monitor performance with ease and make informed decisions to maximize efficiency and longevity.

Robust Construction: Built upon a foundation of tier one, A+ cell composition, and utilizing 99% efficiency LiFeP04 16-cell pack technology, our battery offers reliability and longevity. Additionally, the battery has a 10 to 20-year lifespan.

Versatile Compatibility: Compatible with previous EG4 LL models, our battery ensures hassle-free integration into your existing setup. Whether you're upgrading or expanding, rest assured that your investment is future proofed.
