Solar panels are not known for being the most easily transportable item, so we understand switching to solar energy might seem daunting if your current home isn't your forever home. But Vivint Solar makes it simple for homeowners to move their solar panel systems with them. This included easy transfer agreements and relocation of solar panels for no additional cost. In 2020, Sunrun acquired Vivint Solar and Vivint Solar currently operates under the Sunrun brand.

At the Guides Home Team, we have conducted in-depth research on the best solar companies in the United States. Our research has included paying close attention to the estimated lifespan of solar panels and their attached warranties. This Vivint Solar review will guide you through the provider's background, reputation history and 2020 acquisition by Sunrun Solar.

Vivint Solar started in 2011 to provide clean energy solutions at affordable prices for homeowners. In addition
