We offer a free shipping service for most of mainland U.S. You will receive a confirmation e-mail after placing an order and another e-mail after your order has been shipped. The second one will contain the tracking information and some instructions on how to track your parcel. ORDER PROCESSINGProcession time can take between 1-3 business days. The time it takes to prepare your item(s) to ship from our warehouse. This includes preparing your items, performing quality checks, and packing for shipment.SHIPPING TIME All items sold at ECO-WORTHY are guaranteed to be delivered in 30 days. If you have not received your item(s) beyond this time, you are eligible for a full refund after we have conducted a postal investigation.

Love the look, feel, and convenience looking forward to use e with my hummingbird graph

This battery is lightweight, compact with 20 Ah. Runs my dingy back and forth to mooring for 5 days on a single charge. Would buy again.

Ionic Deep Cycle 12V20-EP Lithium Battery has 12 volts and a 20Ah capacity and is perfect for powering your deep cycle systems. Ionic Deep Cycle has an internal microprocessor controlled battery management system (BMS) that monitors the key operational parameters during charging and discharging, such as voltages, currents and internal temperatures. Ionic Deep Cycle Batteries can be hooked up 4 in series and as many needed in parallel.

The Ionic Deep Cycle Battery has a cycle life of 3,000 cycles or about 10 calendar years. Our lithium batteries have a usable capacity of 99% compared to 50-60% for traditional lead-acid batteries]. LithiumHub Deep Cycle batteries function in the widest range of temperatures with a discharge temperature range (Functional)

Lifepo4 battery 12v 20ah

of -20°C to 60°C (-4°F to 140°F) and a charge temperature range of 0°C to 45°C (32°F to 113°F). Automatically detects if batteries are too cold to take a charge.
