Lithium iron batteries

100% Depth of Discharge

Heated Options for Cold Weather

Industry-Leading 10-Year Warranty

Ready to upgrade your RV, van, boat, or off-grid solar setup to lithium-ion batteries? We've powered rigs, vessels, and properties across the world! Select your application below to learn more and shop Battle Born Batteries' full lineup of LiFePO<sub>4</sub> batteries, power system kits, and accessories.

We make the transition to Battle Born lithium-ion batteries seamless. How? By consistently providing you with an extraordinary experience, lifetime technical and customer support, and valuable resources and information to make your new system work exactly the way you envision.

Battle Born Batteries have attracted people and adventures from all walks of life. Here's what they power.

At Battle Born Batteries, we bring revolutionary, reliable green energy to the masses with our next-generation lithium-ion batteries. Our industry-leading lithium iron phosphate (LiFePO<sub>4</sub>) batteries are recognized for their reliability, chemical stability, and advanced technology.

\*In Contiguous U.S. on Batteries & Select Components.

Harness the power of lithium iron phosphate batteries for the safest and most reliable off-grid experience out there! Battle Born LiFePO<sub>4</sub> batteries power lifestyle across various systems, ranging from marine and recreational vehicles to off-grid applications. Each Battle Born lithium-ion battery model is designed and manufactured using stable lithium iron phosphate chemical compositions configured in cylindrical cells and equipped with a cutting-edge battery management system (BMS).

Ready to make the switch? Lithium-iron phosphate batteries are the ultimate replacement for standard lead-acid batteries. Go lithium, and let's power your lifestyle!

Have Questions or Want to Discuss Your Lithium Power System Needs? Give our in-house team of Technical Sales Specialists a call today: 855.292.2831

Battle Born Batteries harnesses the power of lithium iron phosphate (LiFePO<sub>4</sub>), bringing the most efficient, stable, and powerful lithium-ion battery to the market.
