

Lithium leisure batteries for camping

Lithium leisure batteries for camping

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

Save up to ?510 with our lowest ever battery prices, free electrical consultation & a voucher to spend on Victron

NEW 4th generation SMART batteries

Made for extreme temperatures

Not entirely satisfied? Send it back within 14 days for a money-back guarantee.

That's how much we believe in our product. A decade of powered adventures.

Being prepared with the very best gear is the ultimate way to adventure. It keeps you safe. It gives you peace of mind. And it provides the confidence to leave the beaten track and roam further and longer.

Look inside a Roamer battery and it's immediately obvious that why we have a reputation for quality and reliability. Roamer are simply built better. We only use the very best components and every part is engineered to last. You can put your trust in Roamer, we won't let you down.

New SMART4 communication features allow for seamless plug-and-play CANbus integration with Victron, Simarine and other touch-screen display systems. You can now monitor and control your system from your campervan, motorhome or boat using the Roamer SMART Bluetooth app or connected touch screen.

Victron GX integration takes this even further, with the ability to receive notifications and view your battery data in real time from anywhere in the world, via the Victron VRM portal.

HIGH POWER DROP-IN REPLACEMENT

If you're looking to upgrade an existing campervan, motorhome or boat then you need something that is going to slot in seamlessly and work with your existing chargers.
