To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.

"... has the real capacity that it indicates, it is enough for me to charge several computers at the same time, insta360 batteries, my phone,..." Read more

"...Fast charging this power bank works great as well. It's pretty big compared to an Anker power bank of a similar mAh rating." Read more

"... 's capacity has declined from poor to really poor and certainly doesn't match its size and weight?..." Read more

"Charges very fast, has a lot of space. And compared to other 20,000 milliamp portables the price is very nice as well...." Read more

"I like products from xiaomi, redmi. They are usually of good quality, and this is one of them...." Read more

"...Overall great quality, had it for over a year and still works like new. Very happy customer." Read more

"...The item looks solid good quality. I hope I don't accidentally drop it since it is a bit heavy. I don't plan to carry it around though...." Read more

"XiaoMi makes great products, so is this charger, slim and solid...." Read more

"Pros: Able to give a full charge to an ipad air 4th generation and still power remaining in the power bank. Can charge a mobile phone about 4 times...." Read more
