Northrop Grumman Releases Third Quarter 2024 Financial Results. FALLS ...

Our sustainability ethos defines who we are at Northrop Grumman and how we ...

Whether you want to design next-generation aircraft, harness digital technologies or build spacecraft that will return humanity to the moon, you'll contribute to technology that's transforming the world. We are 100,000 people - with careers across all areas: air, cyber, land, sea, space and the connectivity in between. Join us as we work as one to defend and define the future.

At Northrop Grumman we implement the latest technology to keep our nation safe from digital attacks.

At Northrop Grumman we are imagining new ways to tackle old problems.

At Northrop Grumman we seek people dedicated to understanding the best ways to harness, organize and secure information.

Your skills will enhance our nation's intelligence capabilities, strengthen global security and impact the world.

Our teams build products our warfighters and customers depend on for protecting lives.

Business careers span disciplines, but one thing that they have in common is that they all help promote a prosperous and efficient enterprise.

Ranked a top employer by Forbes, DiversityInc, and LinkedIn, our employees are encouraged to expand expertise, feed curiosity and fuel passions so together, we make the impossible, possible. We support a breadth of career styles and encourage growth and change.

We host in-person and virtual events to recruit all levels of professionals; military and veterans; and students.
