CRE, the French Energy Regulatory Commission, was created on 24 March 2000. Its role is to ensure that the electricity and gas markets in France function smoothly, for the benefit of end consumers and in line with energy policy objectives.

Self-consumption offers consumers the possibility to produce all, or part of, the electricity they use themselves.

15, rue Pasquier, 75379 Paris Cedex 08

1. Application for Service- The Paris Utility Authority d/b/a Paris Board of Public Utilities (hereinafter called, "Paris BPU") requires each prospective Customer desiring electric service to sign a standard form of Application for Service, contract, or request for service form (service order) before service is connected.

2. Deposit- A deposit or suitable guarantee may be required of any Customer before electric service is supplied. Interest is accrued monthly and paid annually as a credit to accounts receivable in May based on current interest rates on passbook savings accounts. The deposit balance including earned interest as well as

Paris electricity regulations

the adequacy of such deposit shall be subject to review by Customer and Paris BPU. Upon termination of service, deposit will be applied against unpaid bills of Customer, and if any balance remains after such application is made, said balance shall be refunded to Customer.

b) Residential Deposits:
