

Portable lithium battery pack australia

Portable lithium battery pack australia

This lightweight and portable battery pack is an essential companion for those who ...

A lithium battery box transforms your lithium battery into an all-in-one portable power station. All provide numerous charging ports, including USBs, cig-sockets, and Anderson connections, so you can choose what suits you and your equipment. All our lithium battery boxes include a fully integrated battery management system, which monitors your battery's health and has protection mechanisms to prevent any accidental damage from power surges, overcharging, or over-discharging. In addition, many of our battery boxes include integrated features such as DCDC chargers, and are completely pre-wired so all you need to do is plug and play.

KickAss Lithium Battery Boxes, featuring up to 150Ah of power, are the ultimate portable power solution for any adventure. These battery boxes come equipped with an integrated Battery Management System (BMS) that ensures optimal performance, safety, and longevity of your battery. With a pre-wired configuration, our battery boxes are ready to use right out of the box, eliminating the hassle of complex installations. Lightweight and portable, they provide a reliable and efficient power source for all your 12V appliances, whether you're camping, boating, or exploring the great outdoors. Trust KickAss Lithium Battery Boxes to deliver dependable power wherever your adventures take you.

Shipping calculated at checkout. Express orders dispatched same business day if ordered before 12pm AEST. Standard orders dispatched within 2 business days (4 during Black Friday).

When you buy directly from us, you eliminate the middleman, allowing you to enjoy high-quality gear at budget-friendly prices.

Portable lithium battery pack australia

The KickAss Lithium Battery Box is an all-in-one solution to a dual battery setup. Ideal for canopies, caravans & camper trailers with rooftop solar panels. Unlike other battery boxes that use a VSR and do not properly charge or maintain your battery, the integrated 25A DC-DC Charger is compatible with modern vehicles smart alternators and will enable you to charge while on the move.
