The Climate neutral label by ClimatePartner certifies that the carbon footprint of a product was calculated and all associated emissions were offset. Additionally, ClimatePartner encourages companies to set ambitious reduction targets and reduce their products' carbon footprints. The certificate number can be entered on ClimatePartner's website for additional information such as the supported carbon offset project(s). ClimatePartner is improving lives by helping companies tackle climate change with practical solutions.

Anker is once again proud to pioneer the next generation of reliable, portable power solutions, standing upon our legacy of developing innovative technology. Whether you are looking to take your outdoor adventures to the next level, or protect your home with back-up power, Anker has built a solution you can count on - for whatever you need to power, wherever power is needed.

To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzed reviews to verify trustworthiness.
