Go to your Scania market site for more information.

Scania is represented worldwide by approximately 100 national distributors, who organise sales and workshop services.

More than 1600 service points around offer quality support to our customers. In addition to sales and services, Scania also offers financial services on most markets. Production facilities are found in Sweden, France, Netherlands, Poland, Brazil and Argentina.

The Scania Supplier Portal is intended to be the main location of all relevant information you need in order to either; become a supplier to Scania or to perform your daily business as a supplier to Scania.

Our purpose is to drive the shift towards a sustainable transport system, creating a world of mobility that is better for business, society and the environment.

Services 360 is Scania's way of making your services selection easy, clear and concise - with package options that can be tailored to a wide range of business and operational needs.

Scania has received the Sustainable Bus Award 2025 in the coach category for the gas-driven Scania Touring LBG/LNG. Recognising its commitment to setting new standards in sustainable transport and pioneering a greener future in people mobility.

The robust newcomer - named G38 - is specially developed for working together with Scania's most powerful V8, the 3,700 Nm, 16 litre 770 hp top-of-the-line legend. Together they offer everything from fuel and weight savings to a smooth ride and great startability.

Scania delivers strong financial results for the third consecutive quarter this year.

Scania participates in Pride Parades every year to show support for the LGBTQI+ community. We do a lot to shape an inclusive and diverse workplace where everyone feels safe and accepted for who they are, but more can be done.
