Commercial	\$0.430 cents per kWh	\$0.463 cents per kWh

What We Offer Professional Services Energy Generation We understand the critical importance of uninterrupted power supply, and our experienced technicians are available round the clock to monitor and maintain the generators, ensuring smooth operations at all times.

Our dedicated team of technicians and engineers monitor and maintain the distribution network, ensuring minimal disruptions and timely response to any issues that may arise.

Harnessing the power of nature's elements, MEC will offer a wide range of renewable energy solutions to meet your electricity needs while minimizing environmental impact and significantly contributing to mitigating climate change.

Don't let gas or diesel prices in the RMI hold you back. MEC petroleum products allow you to do much more for your money. Our top-of-the-line and extensive petroleum products will meet your specific needs and exceed your expectations.

Our shipping services offer a seamless and reliable solution for transporting fuel products and general cargo to neighboring atolls in the Marshall Islands. Whether it's delivering essential fuel supplies or transporting various cargo, MEC shipping services are designed to support local communities and businesses, fostering economic growth and connectivity across the Marshall Islands. Choose MEC shipping services for affordable prices, reliable deliveries, and a commitment to customer satisfaction.

To build and facilitate a resilient and renewable energy infrastructure that is able to support a sustainable future for our customers.
