

Solar energy storage system 520 kWh

Solar energy storage system 520 kWh

Fully compliant and up to code for easy permitting

Fire suppression with either chemical or water agent; electrical fault and overcurrent protection

Battery backup system provides power when PV is not being generated and to enable peak shaving

Intelligent Bi-Directional Inverters

Top-of-the-line intelligent inverters increase efficiency, extend battery life, and provide remote monitoring access

Shipping Container Enclosure

Rugged, safe, and secure containers withstand the harshest weather conditions

Solar array can be installed, uninstalled, and moved quickly

Online monitoring software allows for troubleshooting, report generation, maintenance notifications, and diagnostic services

Equipment manufacturer warranty for all components as well as BoxPower workmanship

Diesel or Propane Generator

Fully integrated to deliver 100% reliability during daily and seasonal fluctuations in solar production
