Frequently Asked Questions

Automotive Incentive Scheme Interpretation – Note 01/2015

Urgent Notice: New Address for submission of AIS Documents;

The Automotive Investment Scheme (AIS) is an incentive designed to grow and develop the automotive sector through investment in new and/ or replacement models and components that will increase plant production volumes, sustain employment and/ or strengthen the automotive value chain.

Objectives of incentive scheme

Light Motor Vehicle Manufacturers / Original Equipment Manufacturers (OEMs)

New OEM applicants must achieve a minimum production volume of 50 000 units per annum per plant. This should be achieved within twenty-four (24) months after the anticipated start of production date and be maintained throughout the claim cycle.

A special dispensation on volumes may be considered for new OEMs entering South Africa.
