

Sunsynk 3kw hybrid inverter price

Sunsynk 3kw hybrid inverter price

Sorry, this product is unavailable. Please choose a different combination.

Reduce your electricity costs by managing power from various energy sources, including solar panels, batteries, the national electricity grid, a generator or even a wind turbine - all with a Sunsynk Hybrid Inverter. It's ideal for home and business and scalable so that you can expand it as required.

The Sunsynk 3kW 1P Hybrid PV Inverter is ideal for powering TVs, decoders, computer equipment and appliances that consume more energy such as fridges, microwaves, washing machines, dishwashers, kettles and toasters.

Start with UPS backup power (with batteries and inverter only) and add panels later. Start with Grid-tied (with panels and inverter only) and add batteries later. Start with a complete Hybrid system including batteries and solar panels which can be expanded, or Go totally off the grid with a completely independent system.

The Lifelynk X combines a 3.6kW hybrid inverter with a 3.84kWh battery - making it the ideal solution for those looking to maximise sustainable energy in their home or business.

Sunsynk Mobile, a new division of Sunsynk, innovates with compact, self-contained high and low-voltage solutions, catering to everything from remote devices to industrial warehouses. Sunsynk Mobile champions green energy through efficient inverters, durable lithium-phosphate batteries, and solar or wind power, aiming to replace noisy, polluting fuel generators and cut fuel costs.
