Utl solar inverter price 1kva

1kVA Gamma plus r-MPPT solar inverter also known as Gamma+ or Gamma+ Solar Inverter. This is the best selling rMPPT solar inverter in India in 1000VA range. This solar inverter is available in 12 volt and 24 volt, that support up to 1000 watt solar panel. You have options to use both types of 12 volt and 24 volt solar panels. This inverter comes with 2 solar battery options, single battery and double battery.

Gamma plus solar inverter 1kVA-12V/24V This is the best pure sine wave r-MPPT Inverter that is compatible with your sensitive load like computer and IT software. Gamma+ always run your load on solar panel and stores the balance electricity in solar battery. You have option to select second priority in this inverter, you can choose solar battery in second priority or you can save batteries power and select Govt. grid.

If your backup needs are less and want to go with single battery solution, 12 Volt variant of Gamma+ solar inverter would be better choice for you. Product specifications are as below:

If your need more backup and want to go with double batteries solution, 24 Volt variant of Gamma+ inverter would be better choice for you. Product specifications are as below:

? Solar Priority of Load & 2nd Battery .? Built in rMPPT Charge Controller.? 30% More Solar Panel Efficiency.? Supports up to 1000 Watt Solar.? 100% Solar Panel Tracking.? Available for 12V & 24V Panel.

? Pure Sine Wave Solar Inverter? Multi-Colour LCD Display.? Frequency 50Hz & 60Hz.? Priority Selection &#8211; PCU, Smart & Hybrid.? Bulk, Absorption & Float 3 Stage Charging Stage .? RBP, RSPV, OVL, BL, OBC, SC, IHV & ILV Protections.? Compatible for IT Load & DG as an Input Source.? Compatible with SMF, Gel & Tubular Batteries.? Priority Selection &#8211; PCU, Smart & Hybrid.

Q. Is there any combo offer with Gamma+ solar inverter?

Q. What is the recommended running load of this inverter?

Answer: You can run up to 700 watt load on Gamma+ MPPT inverter.

Q. Can connect 150 watt 12V x 4 solar panels in 24 Volt model this inverter?

Answer: Yes, you need to connect it in series.

Q. How many load use this inverter
